Counseling Report

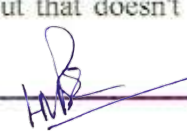

Low self-esteem can negatively affect virtually every facet of your life, including relationships, carrier, job and health. But it can be boosted your self-esteem by taking cues from types of mental health counseling with this consideration Jagadambha College of Engineering & Technology has organized the Counseling Program " Building Healthy Self Esteem" for Girl students of Second, Third and Final Year on date 20/09/2020 at 2:00 pm. This webinar was conducted by Ramyya Kannan, Freelance Trainer and Counsellor through online mode on Google Meet Application. This session was attended by 67 students from Second, Third and Final Year students.

Ramyya Kannan who is Expert and professional counselor interacted with the students . As the low self-esteem can negatively affect virtually every facet of student life to improve self esteem Ramyya Kannan Madam has focused on the following

Identify troubling conditions or situations, Become aware of thoughts and beliefs Also Use hopeful statements. Treat yourself with kindness and encouragement. Instead of thinking your presentation won't go well, try telling yourself things such as, "Even though it's tough, I can handle this situation."

Forgive yourself. Everyone makes mistakes -and mistakes aren't permanent reflections on you as a person. They're isolated moments in time. Tell yourself, "I made a mistake, but that doesn't

make me a bad person." Avoid 'should' and 'must' statements. If you find that your thoughts are full of these words, you might be putting unreasonable demands on yourself — or on others. Removing these words from your thoughts can lead to more realistic expectations. Madam has given more importance on to Focus on the positive. Think about the parts of your life that work well. Consider the skills you've used to cope with challenging situations. Consider what you've learned. If it was a negative experience, what might you do differently the next time to create a more positive outcome? Avoid reliable upsetting thoughts. You don't need to react negatively to negative thoughts. Instead, think of negative thoughts as signals to try new, healthy patterns. Ask yourself, "What can I think and do to make this less stressful?" Madam has encouraged yourself. Give yourself credit for making positive changes. For example, "My presentation might not have been perfect, but my colleagues asked questions and remained engaged — which means that I accomplished my goal."

Considering the all above points Madam has interacted with all the girl students. This session was very useful and knowledgeable for the students..

NSS Unit of Jagadambha College of Engineering And Technology Yavatmal organized a Judo and Karate Training for Girl Students on Dated 24 February 2020. The main motto behind this training session was to prepare female students for unexpected situations and also to develop increased mental and physical health. Around 96 participants from various departments had participated in this program.

Life is a gift. It's also unpredictable. Self-defense helps to prepare the girls students for unexpected situations and also helps to develop mental and physical health. It may be hard to imagine being attacked by a stranger, but it happens every day. These attacks occur without warning, and when individuals least expect it. These attacks are all the more common. While this is a scary fact, it is something the average Indian should take seriously. By learning the basics of self-defense skills girls students prepare herself for dangerous and unforeseen circumstances. in addition to various other benefits such as discipline, respect, self-control, improving coordination, balance, speed, strengths, flexibility as well as overall health, wellness, and a positive way of life. The entire program was based on, to create awareness about grievances, self-defense. Such type of program surely built confidence in girls students. The program was well structured and conducted in live and interactive session. The program was coordinated by Prof. Pravin Wankhede NSS Coordinator Jagdambha College of Engineering & Technology, Yavatmal. under the guidance of Honorable Dr. Shital Watile sir, Secretary Jagdambha College of Engineering & Technology, Yavatmal.

gone away at an early stage, and a check-up will help. Screening on a regular basis may even save your life. People used to only see their doctors when they were sick or terminally ill.

Dr. Borkar says the main goal of prevention and health promotion is to reduce the burden of suffering from major preventable diseases. Clinical history/physical examination and diagnostic tests are part of the check-up. "The types of tests a woman needs depend on her age personal and family health history and specific risk factors," says Dr. Borkar. She feels certain tests are recommended for every woman while others are individualised depending on additional risk factors. "Common tests are mammograms for breast cancer . Eye screening, dental check-up, and colorectal cancer screening are also included," she says. Dr. Borkar discussed various issues with lady staff.

Dr. advised them various medicines and consultation during program

Here are the 10 essential screening tests every woman should undergo in their yearly health check-up. The following Contents of the medical counselling programme.

1. Blood pressure screening

- Obesity attributes to an increased risk of hypertension
- BP of 120/80 mmHg or below is normal

2. Cholesterol check

- This tool is used to assess your risk of developing heart disease/ stroke

3. Pap Smear

- Your doctor uses a speculum to widen the vaginal canal, takes a smear from the cervix using a brush, and examines the smear for changes that may lead to cervical cancer
- HPV screening is also done

Technology, Arni Road, Kinhi, Yavatmal

4. Mammogram

- Screens for breast cancer is included in women's annual check for above 45 years
- Especially if you have a family history of breast cancer / uterine cancer
- It is essential to talk to your doctor about starting annual screening earlier

5. Bone density screening

- Women should start getting screened for osteoporosis with Bone Density Test especially in postmenopausal women to prevent bone fractures at old age

6. Blood glucose test

- Helps in picking in the prediabetic state itself

7. Dental check-up

- To catch any decay and other issues

8. Ultrasound of the pelvis

- To look at the condition of uterus, tubes, and ovaries
- In a pre-menopause/menopausal women, ultrasound of the pelvis or a simple scan of the uterus and adjacent structures can pick up fibroid/endometrial polyps/cancers/ ovarian cysts/masses at an early stage.

Camp was successfully organised under the guidance of coordination with ICC.Internal Complaint Committee.Program was coordinated by Prof.N.K.Chaukade faculty member of first year department.

NSS Unit of Jagadambha College of Engineering And Technology Yavatmal organized a Birth Anniversary Celebration Program of Savitribai Phule on Dated 03 January 2020. Dr. H. M. Baradkar, Principal Jagdambha College of Engineering & Technology, Yavatmal. expressed his views about Savitribai Phule. He said "Savitribai Phule was the first women, who stand alone for the girl's education, took lots of efforts to make women educated and make available first girl's school in Pune and in thememory of such Honorable women this day is celebrated". Many Students also gave speeches on "Contribution of Savitribai Phule". Through this program students came to know about Savitibai Phule's early life and what she contributed for the society as well as for women's empowerment. Savitribai Phule and her husband Jyotirao Phule had opened India's first school for women in Pune in 1848. Jyotirao Phule was an advocate of female education and helped his wife -- who married him when she was 9 years old -- attain good education against all odds. Savitribai not only became the first female teacher in India but went on to set up 17 more schools. She was actively involved with the lives of the students and regularly conducted meetings with parents to emphasize the importance of education for girls. "Tribute to Savitribai Phule on her birth anniversary, who devoted her life against untouchability, illiteracy, and for the rights of women".

The program was coordinated by Prof. Pravin Wankhede NSS Coordinator Jagdambha College of Engineering & Technology, Yavatmal. under the guidance of Honorable Dr. Shital Watile sir, Secretary Jagdambha College of Engineering & Technology, Yavatmal.
