

JAGADAMBHA COLLEGE OF ENGINEERING AND TECHNOLOGY, YAVATMAL

Action Taken on Feedback System on Curriculum

Academic Year 2020-2021

The feedback on curriculum by the employers that student should be learnt current technologies which are growing very fast. The students also expressed that the current technology subjects / workshop need to be included such that they are useful to their higher studies or job opportunities and the same is expressed by alumni. A report has been generated and put as an agenda in IQAC committee for approval.

- A Ten Days online course on “Opportunities and Challenges in Electric Vehicle” is organized for students of Second, Third and Final Year Electrical Engineering.
- Webinar are organized on Human Rights & Ethics for Computer Engg. students.
- Organized workshop on “AutoCAD in Electrical” and “Revit MEP & AutoCAD in Electrical” for IIIrd year & IVth year Electrical Engg.
- Webinar are organized on Renewable Source of Energy for Civil Engg. students.
- Organized workshop on “Electronic Circuit Design” for students of IInd year & IIIrd year Electrical Engg.
- A Ten Days online workshop on “PCB Designing and Switchboard Making” for students of IInd year Electrical Engg.
- The MOU’s with various industries are executed industry and academia.
- Webinar are organized on “Climate Change Effects” and “Global Warming” for Electrical Engg. students.
- Expert lectures are organized on Professional Ethics for 1st year students.
- Organized online course on Skill Development Program on Primavera- P6 for Civil Engg. students.
- Organized online course on Estimate & Costing for building construction work for Civil Engg. students.
- Organized online course on Matlab & Its Implementation for ENTC Dept.
- Organized online course on Python & Its Programming for ENTC Dept.
- Organized online course on "Core Python" for IInd, IIIrd & IVth year students of Computer Engg.
- Organized online course on Solid Modelling and Auto CAD.
- Organized online course on “CATIA Software” for Mechanical Engg. students.

Action Taken on Feedback System on Curriculum

Academic Year 2019-2020

The feedback on curriculum by the employers that student should be learnt current technologies which are growing very fast. The students also expressed that the current technology subjects / workshop need to be included such that they are useful to their higher studies or job opportunities and the same is expressed by alumni. A report has been generated and put as an agenda in IQAC committee for approval.

1. We had arranged Industrial Visit at Crystal Beverages Belly Mineral Water Plant, Lohara-MIDC, Yavatmal had conducted by ENTC Department.
2. Certificate Course on Introduction to Python was arranged by ENTC Department.
3. Certificate Course on Internet of things for Industrial growth was arranged by ENTC Department.
4. Provided internship at various places to the students from all Branch.
5. Organized certificate Courses on Python language with latest Technology, JAVA language, & IoT for Computer Engg. students.
6. Aptitude Slots are provided to students and monitored by Faculties.
7. Skill Development and Entrepreneurship Courses are arranged for students.
8. Organized a Certificate course on CATIA Software for Mechanical Engg. students.
9. A 30 hr certificate course on Revit Structure and Architecture & Surveying by using Total Station was organized for civil engg. Students.
10. A course on Industrial Automation by using PLC & SCADA and Gesture, Remote Control and Voice Control of Wireless Robot was arranged for Electrical Students.
11. A course on ProE Wildfire was arranged for Mechanical Engg. Students.
12. A course on French Language and English Communication was arranged for First Year Students.

Action Taken on Feedback System on Curriculum

Academic Year 2018-2019

The feedback on curriculum by the employers that student should be learnt current technologies which are growing very fast. The students also expressed that the current technology subjects / workshop need to be included such that they are useful to their higher studies or job opportunities and the same is expressed by alumni. A report has been generated and put as an agenda in IQAC committee for approval.

1. Industrial Visits at Solar Power Plant, Manjerda, Akola Bazar, Yavatmal had conducted by ENTC department.
2. We had conducted Industrial Visits at Raymond UCO Denim Private Limited, Yavatmal had conducted by ENTC department.
3. The workshop on Android was arranged by Computer Department.
4. Had given the various assignments of respective subjects and also conducted surprised test in class of 2nd and 3rd year computer engg. students.
5. Personality development classes was arranged for weaker students.
6. Workshop, training program and Industrial visits was arranged for the computer engg. students.
7. Organized soft skill, English speaking classes, Personality development training for Students under Training and placement department .
8. Provided internship at various places to the students from all Branch.
9. Short Term training conducted on Excellency in French Language by Mrs. Mira Somaiya was arranged.
10. Short Term training program on "Excellency in German Language" was arranged.
11. Soft Skills & Personality Development was arranged for all Third Year and Final Year Students by Nikhil Somaiya.
12. Industrial Visits at various places had conducted for all branches.

Action Taken Report
 Academic Year 2017-18

Feedback was requested from following stakeholders

Sr. No.	Stakeholder	Count
1	Students	320
2	Teachers	20
3	Alumni	42
4	Parents	160

Sr. No.	Stakeholder	Feedback	Action Taken
1	Student	Provide E sources to students	Institute successfully worked on wifi campus as well as E sources to the students
		To enrich the sports and cultural activities by conducting various competitions and functions.	Institute organised the technical, cultural and sports activities to the students for other college also
2	Teachers	Institute provides adequate support for projects and research and adequate funding for faculty members to upgrade their skill.	Institute organized the faculty development programs, funding for the research work
		Need to change the language in the NMCP Subject	Institute had sent the suggestion letter to the SGBAU amravati university for change in language/upgradation for subject of NMCP
		Need to improve practical syllabus of Subject Theory of Structure II	Institute had sent the request letter to the SGBAU amravati university for change in practical syllabus of final year VII semester subject Theory of Structure II
		Interacts the student's friendly in class and encourages students to participate in discussion.	Various activities conducted to improve students self confidence such as Group Discussion, Presentation, Model Making, etc.
3	Alumini	Industry oriented knowledge and Learning scheme should be implemented.	Provide Workshops on Autocad & latest techniques and research on survey, geotechnical engineering.
4	Parents	To increase library books.	Library already updated with the new stock of books, journals, and magazines also.
		To conduct more parents meetings in regular intervals to discuss about the upliftment of the institution	Department arranged the parents meet in a academic year
		For security and betterment of college should have the CCTV cameras	Institute has already installed 17 CCTV Cameras for the security

Report of the actions taken

Sr. No.	Stakeholders	Feedback	Action Taken
1	Students	Syllabus contain are of practical utility.	Arranged Workshops and most of the syllabus is covered through practical.
		Objective practice should be taken	Some subject wise objective test arranged under the department and T&P.
		Required digital library with more books	Provide WiFi facility, PPT, NPTEL Lectures to students.
2	Teachers	Syllabus Should be set on the basis on new Technology	Some Modification Required in syllabus as per New Technology and Company Requirements because no updation take place from last few years but our college is affiliated to university so we can't modified the syllabus.
3	Alumina	Depth of the curriculum content including project work if any.	We already arranged the software workshop like PLC SCADA, MATLAB, etc. which helps students for their project work .
4	Parents	In the Curriculum the contents of intellectual aptitude is less	To overcome this point, we have added lectures of aptitude in regular time table.
		Should arrange skill development program.	Organised soft skill, English speaking classes under T& P Dept.

2	Teachers	13
3	Alumni	10
4	Parents	45

Sr. No.	Stakeholder	Feedback	Action Taken
1	Student	All Practicals perform on software instead on practical kits. Provide Expert Lecture , Workshop.	Advance Software and operating system used to Perform Practicals such as MATLAB, keil, Anriod, etc.
		Syllabus Updation required . Provide Industrial oriented syllabus.	Add some Extra lectures to teach advance topic based on recent technology.
2	Teachers	Curriculum Updation require as per Industrial Requirements.	Provide Technical Course and Expert talk on recent technology as per Industrial requirement. Also, provide Training session on various topics but, College is Affiliated under SGBAU, so no writes to change Syallbus.
		Industrial visits must be arranged to Learn Practical Implementation of System.	Sent students for internships durings vacations. Industrial visits organized for students of COMPUTER Department. Also arrange Expert Lectures , Workshop on Recent Technology that guide student to enhance their knowledge.
3	Alumina	Industry oriented knowledge and Learning scheme should be implemented.	Innovation knowledge sharing with students. Arrange Workshops to make students aware about new software & latest technology.
4	Parents	Provide Communication Classes and Apptitude classes. Also, Required to Improve the Student Communication for competitive exam.	Through T & P Provide English Speaking Classes. Also, arrange soft skill and Apptitude classes for students.
		The rating of the courses in terms of their relevance to the latest and/or future technologies is less.	We provided some Technical workshop also arrange some guest lectures on basis on future technology for the students.

Date: 23/03/2018

Minutes of Meeting

In the meeting of Principal and Heads of Departments held on date 23/03/2018, it is decided to take the necessary action against the feedback analysis of the session 2017-18.

A. Students Feedback:

1. Provide more e-sources to students.
2. Maximum syllabus contents should be on practical basic.
3. Objective question practice should be taken.
4. Practical syllabus of TOS-II subject should be analysis with software based for civil department.

Action Taken:

1. The above points discussed in the meeting and action was taken against that, to purchase some more e-sources and provide in library and make necessary arrangement to continue net availability.
2. For containing maximum syllabus on practical bases provide some technical workshop as per departmental requirement.
3. For more practice of objective question specially for final year add aptitude lectures in time table.
4. Send request letter to university for change in practical syllabus of TOS-II subject of final year civil engineering.

B. Teachers Feedback:

1. Syllabus should be set on the basis on new Technology.
2. Need to change the language in the NMCP Subject for civil engineering.
3. Industrial visits must be arranged to Learn Practical Implementation of System.
4. Arrange some faculty development program.

Action Taken:

1. Our College is affiliated to SGBAU University so we can't set the syllabus on new technology.
2. Send request for Civil Engineering Letter to university to change the language in the NMCP Subject.
3. Every semester we already arrange industrial visit for students.
4. Arrange faculty development program .

C. Alumni Feedback:

1. Depth of the curriculum content including project work if any.
2. Industry oriented knowledge and learning scheme should be implemented.

Action Taken:

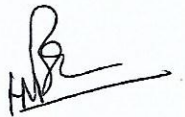

1. As per the discussion for student's feedback provide some technical workshop, expert lectures for getting more technical knowledge as per departmental requirement which help's the students for their project.
2. Send maximum students for internship in various industries.

D. Parents Feedback:

1. In the Curriculum the contents of intellectual aptitude is less.
2. Should arrange more skill development program for students.

Action Taken:

1. As per the discussion for students feedback, more practice of objective question specially for final year add aptitude lectures in time table.
2. Also arrange some more personality development training programs by external expertise under training & Placement Department

Feedback was requested from following stakeholders

Sr. No.	Stakeholder	Count
1	Students	268
2	Teachers	24
3	Alumni	4
4	Parents	221

Sr. No	Stakeholder	Feedback	Action Taken
1	Student	Syllabus should include Coverage of modern/advanced topics in relevant course / discipline.	Provide examples to use your syllabus to Study modern/advanced topics in relevant course / discipline.
		Relevance for implementation in projects work.	Work on Fabrication of Go Kart vehicle as Project work to make it Innovative.
2	Teachers	The Curriculum of this subject has increased your knowledge and perspective in the subject area.	Providing Lectures by using Digital Projector to get more knowledge to students.
		Industrial visits must be arranged .	Industrial visits organized for Mechanical Departments.
3	Alumina	Industry oriented knowledge and Learning scheme should be implemented.	Provide Automobile Assembly and Disassembly Workshops & recent technology in IC Engine.
4	Parents	Improved Communication Classes Required to Improve the Student Communication	T & P Classes Provide and Extra English Speaking Classes Arrange For Students.
