Brief Report

In Jagadambha College of Engineering & Technology, Yavatmal we have organized a workshop for Mechanical Engineering students, conducted by Expert under guidance of Mr. Santosh Nandanwar on dated 15/01/2019.

The objective of this workshop is, “to expose the beginners in CATIA v5 to the FEA capabilities within the software.” The resource person discussed about this workshop was organized by Mechanical Engineering department to enhance the skills and increase the employability of the students.

The trainer Mr. Santosh Nandanwar (Technical Head) from Aspire Building Career, Pune having good hands on various Mechanical software's with a 7+ years experience in various fields. This workshop also addressed queries about fundamentals of the CATIA V5 Fundamentals course is designed to provide delegates with a broad skill set for using CATIA V5. It is a starting point for CATIA and the knowledge gained is a prerequisite for many more specialized training courses. CATIA V5 Fundamentals should not be viewed as just a basic course, as together with the key CATIA skills that are on offer, the student will also pick up very important advice on engineering methodologies. The course includes a mixture of presentation and tutorial, enabling students to gain hands-on experience.

Activity Date : 26/09/2019 To 30/09/2018

Activity Details : Computer Engineering department organizes 5 Day Training program on Android Application Development for the students of Computer Engineering and EXTC Department students. The program was conducted by Pune Academy of Computer Technology, Amravati.

Objectives :

- To know Advance Computer programming
- Dealing with Android OS for development the apps
- To aware about Latest software requirement
- Android Technology
- New edge-software development tool
- Android Studio
- Develop the simple apps

Daywise Learning :

Day 1:- Android Smartphone as Device

- Overview
- Architecture of Android
- Components of Android
- Lay outs in Android
- Life Cycle of Activity
- Getting Started
- Android SDK
- Creating new Android application

Day 2 :-

1. Android UI Design & Event Handling

- Edit Text
- Global Strings
- Check Box
- Radio Buttons
- Button
- Using Images
- Image Button

- List
- Date & Time Picker
- Designing Form & Handling events

Day 3 :-

- Menus
- Options Menu
- Custom Menu
- Sub Menu

Day 4 :-

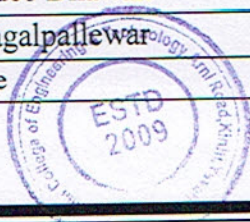

- Intent
- Switching screens/activities
- Pending Intent
- Service
- Life Cycle of Service
- Implementing & running a service
- Stopping a service

Day 5:-

- Data Base programming in Android
- Toast
- Alert Dialog
- Custom Dialog
- Status Bar Notification
- Multi Media Programming
- Playing an audio
- Playing a video

3. Date of Activity	23/01/2019
4. Object of Activity	To get the knowledge Software used for Civil Engineers like REVIT, Staad-Pro
5. Venue	Civil Seminar Hall

Expert lecture on “Civil Engineering Software” was organized by Civil Engineering Department. For inaugural function, on the dais expert Mr. Faisal Abbas CAD-Desk, Jaipur, Mr. Nitin Wankar, Chairman, Elegant IT & CAD-Desk Yavatmal, Miss. Shiwani Ukey, Centre Head, Elegant IT, Yavatmal & Prof. A. R. Rode Head of Civil Engineering Dept, off the dais all teaching staffs and students from Second, Third, and Final Year of Civil Engineering Department were present.

The program begins with the Sarswati Poojan. Then felicitation of Mr. Faisal Abbas & Mr. Nitin Wankar was done by giving the shawl, Shriphal and Shield by the hands of respected Prof.A. R. Rode and the felicitation of Miss. Shiwani Ukey was done by Miss. Vrushali Ghayar. After that felicitation of all the dignitaries on the dais Prof. A. R. Rode introduced the guests. Expert Mr. Faisal Abbas mostly focused on the civil engineering software and their importance also explained their working.

The Topics were covered during session.

- Modeling and Drafting
- Analysis
- Infrastructure
- Project Planning & Management
- Revit and Staad-Pro

Based on the above topics Mr. Abbas gave step by step and brief knowledge and shared their technical views on Civil Engineering Software. Also he talked about the analysis, design. The session was ended by small question and answer session wherein doubts of few students were addressed by Trainer.

Expert talk Outcome:

- How to use Civil Engineering software as per application.
- How to design any component by using software.
- How to become a good design engineer.
- What to learn at present to get better opportunities in future.

Overall, it was a great experience for all students of this training session and everyone enjoyed it a lot.

INTRODUCTION

The two days workshop on “RC Drone Quadcopter” was conducted on 06 & 07 September 2018 in Electronics & Telecommunication Engineering Department at Jagadambha College of Engineering & Technology, Yavatmal. For inaugural function, on dais Honorable Secretary Dr. Shital Watile, Principal Dr. H. M. Baradkar, Head of Department Dr. A. D. Shelotkar, Mr. Nabeel Qureshi Technical expert for workshop conduction and coordinator Prof.R. S. Shriwas and off the dais all teaching and non-teaching staff and students from 2nd , 3rd , 4th of Electronics &Telecommunication Engineering Department were present.

The program begin with Saraswati Pooja , then felicitation of guest Mr. Nabeel Qureshi was done by Shawl, Shriphal and Memento by the hand of respected Dr. H. M. Baradkar. After the felicitation of all dignitaries on the dias was carried out and motivational speech was given by Hon’ble Secretary Dr. Shital Watile & Mr. Nabeel Qureshi.

After that technical session was carried out by Mr. Nabeel Qureshi from Robokart, Mumbai on “RC Drone Quadcopter” in Seminar Hall of Electronics & Telecommunication Engineering Department and further this program ended on 07 September 2018 with valedictory function & refreshment. Total 65 students are participated in “RC Drone Quadcopter” workshop.

Robokart again comes up with a new idea to encourage students on very interesting and upcoming topics of Quad copter. It is basically to clear a concept of how a zero model files. To get into much deeper of aero model this course will teach you know to start building a quad copter, what all constitutes to make a quad copter.

Outcomes of the workshop:

- Introduction to Controller.
- Working Principal of Quadcopter.
- Construction of Quadcopter.
- Connection consideration of various configurations.
- Flying Precaution.

INTRODUCTION

The one day workshop on “IPR for students and Faculty Members” was conducted on 10th January 2019 in Electronics & Telecommunication Engineering Department Seminar Hall at Jagadamba College of Engineering & Technology, Yavatmal. Dr. A. D. Shelotkar HOD E&TC Engg. Deptt., Guest lecture coordinator Prof. R. S. Shriwas are on the dais and off the dais all teaching and non-teaching staff and students from 2nd, 3rd, 4th of Electronics & Telecommunication Engineering Department were present. This workshop was conducted under Incubation Center of JE, Yavatmal.

It's a Facebook live session on “IPR for students and Faculty Members”. This was a one day workshop organized by MHRD's Innovation Cell. The session time is 10:30AM to 03:30 PM.

Details of Facebook live:

Date: 10th January 2019 (Tuesday) & Time: 02:00 PM to 03:00 PM

Title of Activity: "Expert Talk on Artificial Intelligence Machine Learning in Information Technology."

Aim: - To help the students develop skills in the area of Artificial Intelligence and Machine Learning.

Name Of Experts:-Mr. Prakashit Umare and Mr. Ishwar Gotani

Date:- 03/07/2018

No Of Student Attended: -100

Venue: - Jagadamba College of Engineering and Technology Campus.

Artificial Intelligence and Machine Learning are much trending and also confused terms nowadays. To overcome this confusion and to understand the concept as well to make students aware of these things, Jagadamba College of Engineering and Technology had organized an expert talk on Artificial Intelligence and Machine Learning. This vision came true with an expert from Youbotics Pvt.Ltd. Nagpur, Mr. Parikshit Umare founder of this company along with his partner Mr. Ishwar Gotani guides the students of J.C.E.T. Yavatmal.

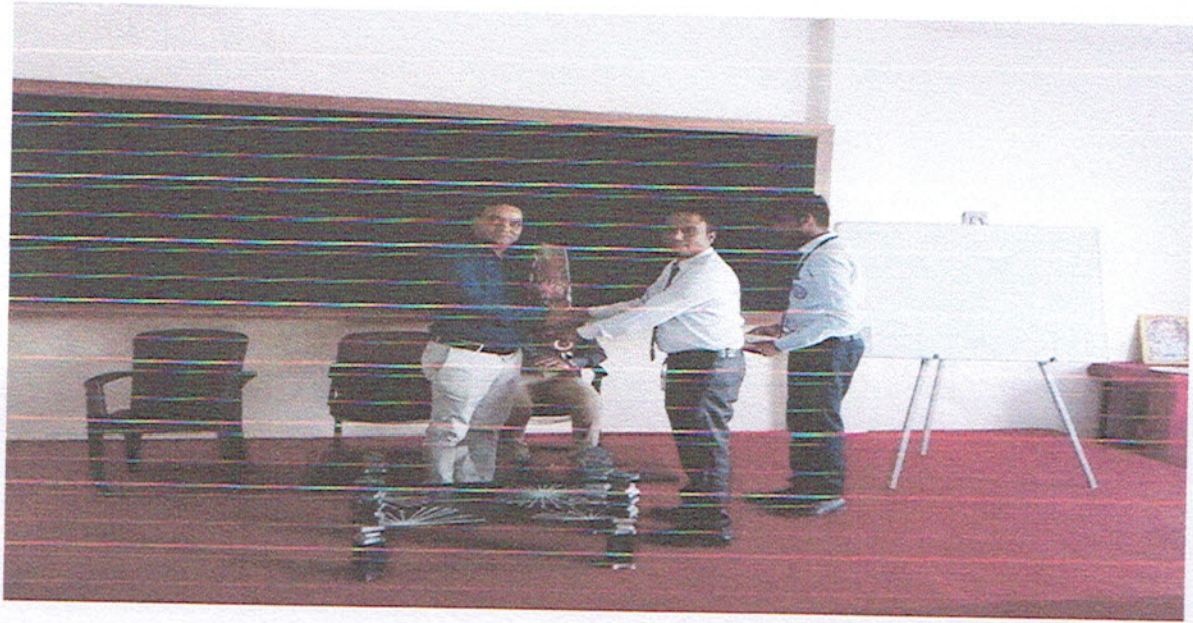

YouBotics has innovated Technology Expert bot that conducts Technical Video Interviews with Automatic Evaluation. The bot is developed using Machine Learning and Natural Language Processing and it literally eliminates the need to keep the technical panel for all technical assessments, whether coding tests or technical interviews.

Mr. Parikshit Umare introduced the AI technology to the students and tell the importance of AI technology in finance, robotics, astronomy, physics, etc. AI is the next generation and fast growing technology. The organization has given mini robo kit module to student and teach student how to build minirobotic development programming on the kit given. Mr. Ishwar Gotani introduced the Machine Learning technology to the students and tell Machine Learning (ML) is a subset of Artificial Intelligence. ML is a science of designing and applying algorithms that are able to learn things from past cases. If some behaviour exists in past, then you may predict if or it can happen again. Means if there are no past cases then there is no prediction.

J.C.E.T Principal also share their thought for this training he said, "The module, contains activities that enable young innovators to interact with different forms of artificial intelligence, view videos and engage in experiments. It follows a simple approach with the

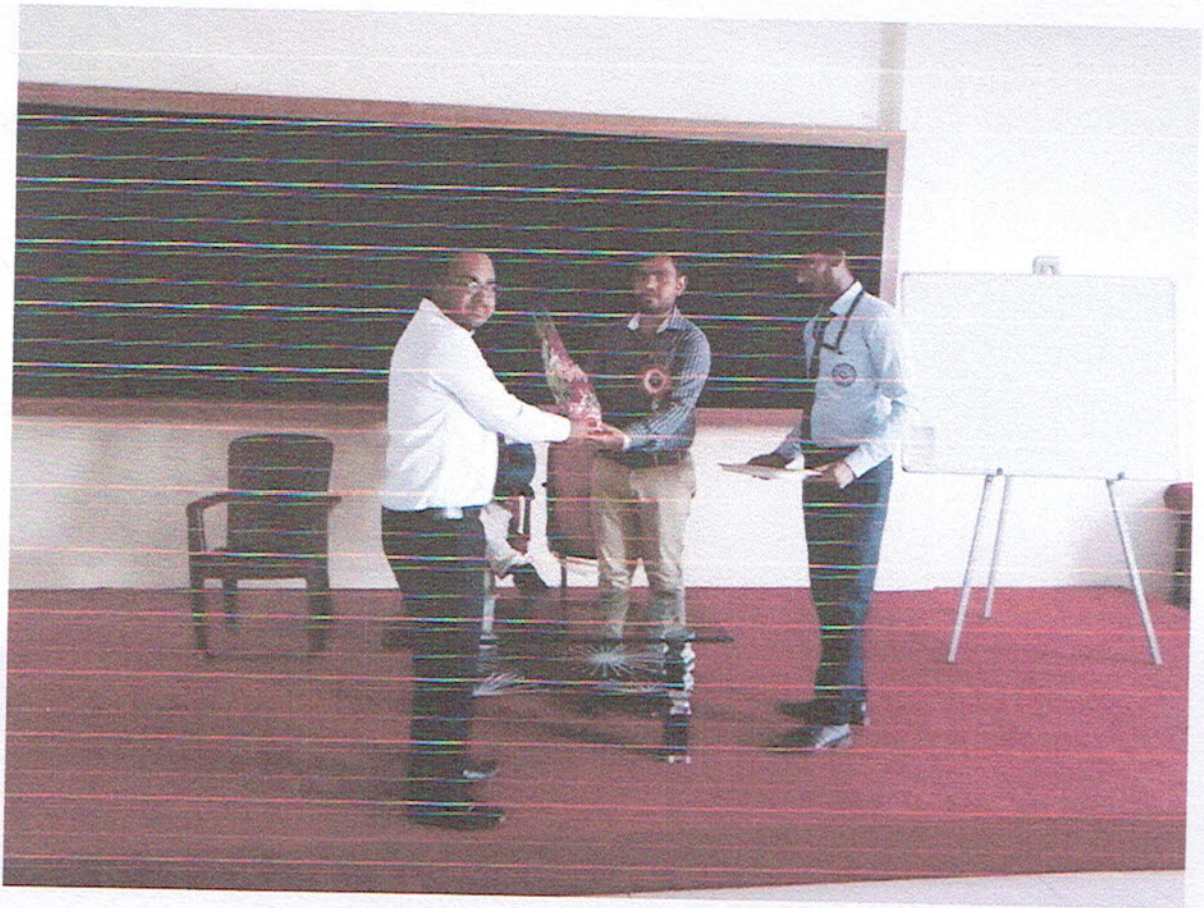

sheer objective to introduce young minds to the ‘magic’ of artificial intelligence”. The students work through activities and learn the various concepts of AI and ML. The hands-on module is formulated to propel the young minds to contribute to the ecosystem of innovation.

Program Report

In Jagadambha College of Engineering & Technology, Yavatmal, we have organized the Expert Lecture on “Artificial Intelligence and Machine Learning in Information Technology” for all the Final Year students which was conducted by Mr. Amol Pusadkar Deputy Manager, Mahindra & Mahindra Private Limited, Nagpur.

Mr. Amol Pusadkar Deputy Manager, Mahindra & Mahindra Private Limited, Nagpur Sir is an expert in Artificial Intelligence and Machine Learning in Information Technology field. His expertise lies in conducting & delivering Expert Lectures on Artificial Intelligence and Machine Learning in Information Technology to improve the knowledge about the Artificial Intelligence and Machine Learning in Information Technology. He is known for his holistic transformation & inspirational approach.

The importance of artificial intelligence and machine learning are Automation, Smart Decision Making, Enhanced Customer Experience, Medical Advances, Research and Data Analysis, Solving Complex Problems, Business Continuity, Managing Repetitive Task, Machine Learning can review large volumes of data and discover specific trends and patterns that would not be apparent to humans, they keep improving in accuracy and efficiency, Machine Learning algorithms are good at handling data that are multi-dimensional and multi-variety, and they can do this in dynamic or uncertain environments. As a result, student understand the importance of artificial intelligence and machine learning in Information Technology. Also, this expert talk helps an individual to understand why one needs to choose artificial intelligence and machine learning in Information Technology.

More than 90 students of all branches attended the same. Mr. Sudhakar Shinde has More than 21 years experience in the field of Higher Educational Institutions administration. Worked in premier universities such as NMIMS University, BIT Mesra RAK Campus, Academic City Ghana. Expertise in establishment and set up of new institutions. Excellent in people and resources management.

Mr. Sudhakar Shinde emphasized on various strategies to approach the application process for the UAE Universities and admission requirements. He also guided the students as how to write the Statement of Purpose, build a resume and arrange Letter of Recommendation(s).

He also gave a brief introduction about UAE University, the programs offered by the University, some Research opportunities, and scholarships that could be offered to the students. The lecture was very informative and the students fully utilized the opportunity provided to them.

The main motive of this event was the same, to take the students interest of going abroad and also taking up higher studies in foreign universities. The topics of discussion disclose most of the doubts as to how to go abroad for further education. A special credit must be given to the Faculty member of all departments and Secretary of college Dr. Shital Watile sir, who given the time constraint they pulled all the students together and did a very good job.

Name of Expert: Dr. Mriglani Sir

Date:- 20/10/2018

No Of Faculty Attended: - 050

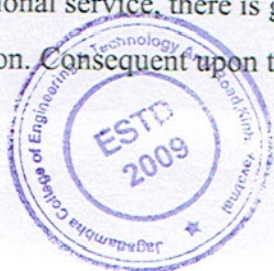

Venue: - Jagadambha College of Engineering Campus.

Jagadambha College of Engineering and Technology, Yavatmal conducted A One Day Workshop on National Assessment and Accreditation Council (NAAC). The workshop was formally inaugurated by Hon'ble Secretary Dr. Shital Watile, Chief Guest Dr. Mriglani, Principal of college Dr. H.M.Baradkar. Prof. H.M.Baradkar, in his welcome address highlighted the objective of conducting the workshop and gave the program details

Dr. Mriglani has stressed the importance of getting NAAC accreditation. He appealed to all nonaccredited affiliated colleges of the university to start preparations for applying for NAAC accreditation. The workshop comprised of two technical sessions followed by hands on training on online registration and submission of SSR (Self Study Report). In the first session, Dr.Mriglani delivered a talk on ‘Accreditation as a Measure of Institutional Quality’. He said that the quality assurance ensures the Accreditation mechanism, Assessment method and Ranking process.

In the next session hands on training session, Dr. Mriglani demonstrated the online process of registration and filing of SSR (Self Study Report) etc. He clarified the doubts raised by the delegates at the end of the session.

At last we commit the effect of globalization, privatization and liberalization had started becoming visible in the field of higher education and everyone concerned has realized the importance of quality assurance in the context of the global competition. With higher education becoming an international service, there is growing concern the world over about quality, standards and recognition. Consequent upon this trend, the debate on how

benchmarks have to be evolved for ascertaining and assuring quality at different levels of higher education is significant. NAAC initiative to promote the concept of best practices benchmarking. It also set the stages of identification, dissemination, sustenance and adaptation of best practices and of their transference from one system to the other.
